Business Administration & Related Disciplines - Career Assessment Questionnaire

16-Question Assessment with Course Mapping

This comprehensive questionnaire evaluates your **skills, knowledge, and interests** related to Business Administration programs. Each question is weighted differently for each course based on industry requirements and academic focus areas.[1] [2] [3]

Assessment Instructions

Rate each question on a scale of **1-10**:

- **1** = Strongly Disagree/Not Interested at all
- **10** = Strongly Agree/Very Interested

Skills Assessment Questions (6 questions)

Question 1: How comfortable are you with mathematical calculations and numerical analysis?
Focus: Mathematical/Analytical Skills

Question 3: How well can you communicate complex ideas clearly to different audiences?
Focus: Communication Skills

Question 5: How comfortable are you with using technology and business software applications?
Focus: Technology Skills

Question 9: How comfortable are you with making decisions under pressure and uncertainty?
Focus: Decision Making

Question 12: How well can you organize and manage multiple tasks simultaneously?
Focus: Organization/Time Management

Question 14: How comfortable are you with analyzing data and identifying business patterns?
Focus: Data Analysis

Interest Assessment Questions (7 questions)

Question 2: How interested are you in analyzing financial statements and business performance metrics?
Focus: Financial Analysis

Question 4: How interested are you in leading teams and managing people?
Focus: Leadership/Management

Question 6: How interested are you in creating and developing new business ideas or products?
Focus: Innovation/Entrepreneurship

Question 8: How interested are you in understanding consumer behavior and market trends?
Focus: Marketing/Consumer Behavior

Question 11: How interested are you in managing budgets and financial planning?
Focus: Financial Planning

Question 13: How interested are you in understanding workplace policies and employee relations?
Focus: Human Resources

Question 16: How interested are you in optimizing business processes and operational efficiency?
Focus: Operations Management

Knowledge Assessment Questions (3 questions)

Question 7: How well do you understand basic accounting principles and bookkeeping?
Focus: Accounting Knowledge

Question 10: How well do you understand economic principles and their business applications?
Focus: Economics/Business Environment

Question 15: How well do you understand legal and regulatory aspects of business operations?
Focus: Business Law/Compliance

Course Weight Mapping

Each question has different relevance weights (1-10 scale) for each course:

Highest Weight Questions by Course:

BS Accountancy: Questions 1, 2, 7 (Weight: 10/10)

- Mathematical skills and accounting knowledge are essential[4] [5]

BS Marketing Management: Questions 3, 8 (Weight: 10/10)

- Communication and consumer behavior understanding are critical[2]

BS Financial Management: Questions 2, 11 (Weight: 10/10)

- Financial analysis and planning are core competencies[6]

BS Human Resource Management: Questions 3, 4, 13 (Weight: 10/10)

- People management and workplace relations are fundamental[7]

BS Entrepreneurship: Questions 4, 6, 9 (Weight: 10/10)

- Leadership, innovation, and decision-making under uncertainty[8] [9]

BS Operations Management: Questions 12, 16 (Weight: 10/10)

- Organization and process optimization are key skills[1]

Scoring Method

1. **Rate each question** from 1-10
2. **Multiply your rating** by the weight for each course
3. **Sum all weighted scores** for each course
4. **Your best match** is the course with the highest total score

Example Calculation:
If you rate Question 1 (Math skills) as 8/10:

- BS Accountancy: 8 × 10 = 80 points
- BS Marketing: 8 × 6 = 48 points
- Continue for all 16 questions

Maximum possible score per course: 1,280 points (16 questions × 10 rating × 8 average weight)

This assessment tool helps identify which Business Administration specialization aligns best with your natural abilities, interests, and knowledge base, supporting informed career decision-making based on established industry requirements and academic standards.[10] [11]
